[illegible]

○ ○

The figure consists of two circular diagrams, one for the left side (Gauche) and one for the right side (Droite). Each diagram has concentric circles representing effort levels from 0 to 40 in increments of 10, and radial lines representing angles from 0 to 90 degrees in increments of 10. Data points are plotted as follows:

- Perçus (Green Circles):**
 - Gauche:** Points are located at approximately (0, 30), (30, 30), (30, 10), and (90, 10) in (angle, effort) coordinates.
 - Droite:** Points are located at approximately (0, 30), (30, 30), (30, 10), and (90, 10) in (angle, effort) coordinates.
- Non perçus (Red Triangles):** No points are visible on these diagrams.
- Non testés (Open Circles):** Numerous points are scattered across both diagrams, primarily concentrated in the lower effort regions (0-20) and along the 0 and 90 degree axes.

A legend at the bottom indicates: ● Perçus, ▲ Non perçus, and ○ Non testés.
