		Version:	1.0
	Simandou Project Medical Assessment Annual International	Reviser:	Sofiane Chebli
		Approved by:	John Perry
		Approval date:	21/11/2023

PRIVACY NOTICE:

Simfer SA is a member of the Rio Tinto Group and is committed to protecting the health and safety of our workforce. Medical assessment and approval is required prior to travelling to Guinea for the Simandou Project

The medical assessment must be conducted at an approved Clinic and results submitted to the Simfer Medical Team at simfermedicalteam@riotinto.com for review and approval.

For ongoing health surveillance, and as per the Guinean labour law, an annual medical examination is required. The personal data requested on this form includes detailed health information about you and is required for the purposes of:

- determining if you are still fit to work on the Simandou project.
- ensuring your vaccinations are up to date.
- Identifying any medical condition that may have arisen since joining the Simandou project and any assessing any occupational implications.

The purpose of requiring this information is because working in Guinea poses significant health risks. This includes limited access to medical facilities and services, exposure to a range of vector borne and infectious diseases, and delays in medical evacuation should it be required. These factors may impact your health and especially if you have a pre-existing medical condition.

Your personal data will be processed by the Simfer Medical Team for the Simandou Project. If there are medical abnormalities noticed on your assessment form, the Simfer Medical Team may share your personal data with an external doctor engaged to provide services to Rio Tinto. Your personal data will not be shared with anyone else unless you require urgent medical treatment and/or need to be evacuated because you have a serious medical problem. In such circumstances your personal data may need to be shared with the Rio Tinto Health team or other health professionals providing services to Rio Tinto such as International SOS, or your insurance provider (on a strictly 'need to know' basis).

Rio Tinto relies on its legitimate interests to process this personal data relating to you, and specifically its interest in ensuring workplace health and safety. If you are a Rio Tinto employee based in a country where your consent is needed in order to collect your personal data or your health information or both, Rio Tinto relies on your consent to do so. Your personal data will be retained for the period that you are assigned to the Simandou project, after which time it will be archived for a two-year period and then securely deleted.

Under the Rio Tinto [Data Privacy Standard](https://www.riotinto.com/sustainability/policies) (available from <https://www.riotinto.com/sustainability/policies>) you have data privacy rights, including the right to seek access to or rectification of records containing your personal data and to be provided with information data processing. To exercise data subject rights described in the Data Privacy Standard, please contact Simfermedicalteam@riotinto.com or email askE&C@riotinto.com.

Acknowledgement and Consent: I confirm that I have read this Privacy Notice and that I agree to the processing of my personal data (including my health information) as described above. I also understand that processing of my personal data (including my health information) may be undertaken where necessary to comply with Rio Tinto's legal obligations and that where processing of my personal data (including my health information) is based on my consent, I can withdraw that consent by notifying Simfermedicalteam@riotinto.com

Print Name: ANDRADE JOAO ANDRADE 10/09/2024	Signature: 	Date:

VACCINATION:

Guinea is a high-risk country for several infectious and tropical diseases. **Please indicate the vaccination status of the applicant and any administered vaccine.** A copy of the "International Certificate of Vaccination Booklet" or "The Immunization Record Card" must be attached to this form. Please outline the role and importance of vaccinations. If a vaccination is refused, please indicate in the comments section below.

Vaccination	Immune	Date	Comments
Mandatory:			
Yellow Fever	<input type="checkbox"/>		
Highly recommended:			
Covid 19	<input type="checkbox"/>		
Hepatitis A	<input type="checkbox"/>		
Hepatitis B	<input type="checkbox"/>		
Tetanus	<input type="checkbox"/>		
Polio	<input type="checkbox"/>		
Typhoid	<input type="checkbox"/>		
Meningococcal	<input type="checkbox"/>		
Diphtheria	<input type="checkbox"/>		
Rabies*	<input type="checkbox"/>		

(*) Highly recommended to applicants who may be in contact with wildlife as part of their work nature.

Statement: to be signed by the Applicant if they decline a vaccination

"I hereby declare that I declined the administration of the vaccine(s) stated above, after I was made aware of their recommendation and considering Guinea's high epidemiological risk profile. My decision was made after I received all the information related to the vaccine"
