Gauche

The figure consists of two polar plots, one for 'Gauche' (Left) and one for 'Droite' (Right). Each plot has a circular grid with concentric circles representing frequency (0 to 40) and radial lines representing angles (0 to 90 degrees). Data points are categorized as 'Perçus' (green circles), 'Non perçus' (red triangles), and 'Non testés' (open circles). The 'Gauche' plot shows a high frequency of 'Perçus' at 0 degrees and a low frequency of 'Non perçus' at 90 degrees. The 'Droite' plot shows a high frequency of 'Perçus' at 90 degrees and a low frequency of 'Non perçus' at 0 degrees.
