Figure 1 consists of two circular diagrams, one for the left side (Gauche) and one for the right side (Droite). Each diagram has concentric circles representing effort levels (10, 20, 30, 40) and radial lines representing angles (0 to 90 degrees). The legend indicates that green circles represent 'Perçus' (perceived), red triangles represent 'Non perçus' (not perceived), and open circles represent 'Non testés' (not tested). In the 'Gauche' diagram, there are green circles at approximately 90 degrees (level 10), 0 degrees (level 30), and 30 degrees (level 30). In the 'Droite' diagram, there are green circles at approximately 90 degrees (level 10), 0 degrees (level 30), and 30 degrees (level 30). Red triangles are not visible in either diagram. Open circles are scattered throughout both diagrams, mostly between the 10 and 20 effort levels.
